Howdy!

Below you can find some elements of interest #pm for **October 2021**. Here they are:

1. EVENTS- MarathonPM

After the presentation / webinar sessions dedicated to the #PM career, from July-September 2021, we would like to announce that we are preparing for a new project management marathon, between **November 15-26, 2021** (one webinar every night from **6.30 pm at 7.30pm**, dedicated #PM).

This time I chose the central theme of the marathon to be "**DigitalPM**" and certainly, there are enough topics. Some we mention right here: Collaborative work, virtual teams, virtual projects, PM digital tools, PM Certifications / Career, PM methodologies, PM new skills, Change management, Transformation - people and companies, Risk management; Change management; Leadership from home; Organizational transformation; Need of Digital PMO; Need for changes in PM Strategies; Changing minds; The role of new technologies; Citizen developer; PM - game changer; PM new skills; PM - remote authority.

We would like you to be part of the story of this marathon and to be applauded by the entire project management community. So, we invite you to propose and support a presentation (Romanian or English) of 45-60 min. Suggestions? Interested? Give a sign! (pmiro_board@pmi.ro or contact us on linkedin - Cristina Dumitrescu / Iulia Colibaba / Cristian Borozan / Razvan Ichim).

2. ONGOING PROJECTS

Project 1- Elections Committee 2021. At the end of each year, the PMI Romania team receives colleagues and volunteers willing to contribute to the growth of the #pm community in Romania. It's volunteering. Pro-bono work.

The "Election Committee" has been formed, followed by the election process. The following positions will be opened: VP Treasury and Finance, VP Communication, Communication Director. The details will be posted on social media and on the PMI Ro website.

We invite you to apply for one of the positions mentioned and to join the volunteers who build, at least a little.

Project 2 - Site Reconstruction. We are in the process of rebuilding the #pmiro site. We will need support for content and testing. The proposed deadline for the completion of the project is November 2021. Any help is welcome.

Project 3 - "IamRomanianPM". Through this project we want, on the one hand, to promote the profession of project manager in Romania and the examples of good practices in project management and, on the other hand, to facilitate the collaboration between the members of our project management community.

Thus, we want to make a short presentation of the members of PMI Romania, which will highlight the value of each Romanian project manager, for the industry in which it operates.

The team of volunteers invites you to give us some details about you (if you want, of course and with the agreement of GDPR), to create a "business card" that will be published on the new website of PMI Romania or to give a short interview. We come back with details.

We would be very pleased to respond positively and in large numbers to this initiative.

3. OF INTEREST

Details about PMI certifications: https://www.pmi.org/certifications/become-a-project-manager .

All the best,

Team PMI Romania Chapter (pro-bono / volunteer work)
